Compelling Reasons

Union Central Life policies are the "choice of men who know" for three reasons—all compelling.

First—A positive saving in cost every year—compared with the same form of policy issued by any other company.

Second—The absolute safety and strength of the company. It has assets of over ninety-three million dollars, nearly seven millions of which is invested in Texas; and nearly 50 years of "know how" behind it.

Third—The masterly management of the company. Proven by the fact that The Union Central Life, of Cincinnati, earns a higher rate of interest on its investments than any other insurance company in the world! Why experiment?
